Discussion:

1. The minutes of the last meeting were presented and approved with minor correction.
2. Action taken report was also approved unanimously
3. Academic calendar and exam scheduled for internal assessment was presented and approved.
4. The revise lesson plan by departments was evaluated and approved.
5. Critical analysis of the results for all part of BDS University examination was done. The university toppers were congratulated by the members and express that tradition of excellent result to be maintained even this year.
6. Review of Interdisciplinary & multidisciplinary, Value added Courses (VAD) / Add-On courses was done and decided to continue same for this academic year.
7. Same process of obtaining feedback from stakeholders to be continued.
8. The zoom app has helped in completion of the programme. Due to this app. we have achieved the completion of theory syllabus in time. There was a loss of clinical teaching because of ongoing lockdown which was then compensated by extra postings.
9. All the departments have conducted at least one webinar which enriched the knowledge of students and staffs by experts in the field.
10. Again because of second wave of covid 19 the same measures will be applied till situation returns to normal state.

Actionable points:

1. Classes and Webinar to be conducted on Zoom application for enrichment of academics to be continued. All HODs were informed accordingly.

DEAN
Rungta College of Dental Sciences & Research
Kohka Road

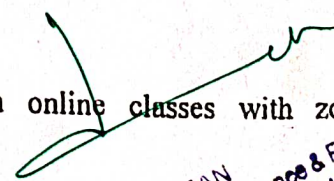

Discussion:

1. The minutes of the last meeting were presented and approved with minor correction.
2. Action taken report was also approved unanimously
3. The account of completion of syllabus was taken from HOD. The leftout topics of syllabus to be completed in remaining period of time which requires reframing of timetable, all agreed. The Dean was requested to reframe the timetable to complete the syllabus before start of examination including preparation leave.
4. The HODs informed about the updation of the department museum by addition of models, charts with reorganization. Departmental library was well equipped with addition of textbooks and referral books.
5. PISA activity has been started from June 2020 on every third Friday on monthly basis. The conduction and impact of this activity was discussed. All members appreciated the presentation by PG students on common platform. Dr Sumit Gandhi was appreciated for this work.
6. Due to ongoing covid 19 situations and lockdown all over the country, the module of dispensing the teaching was changed to online mode. Classes were conducted by teachers online and attendance was monitored.
7. As the clinical teaching cannot be compensated through online mode, a thought was given to adapt alternative method. The HODs were informed to finalise the module for laboratory/clinical training to the students to compensate short fall.
8. There was discussion on the inclusion of webinar and case presentation, online for the students by senior faculty of the institutions speciality wise to cover the syllabus.
9. The stakeholders to be instructed to submit the feedback for the online module.

Actionable points:

1. Completion of maximum theory syllabus through online classes with zoom application-HODs to act accordingly.
2. Conduction of webinar by each department on monthly basis.

Discussion:

- The academic calendar prepared by Dean was discussed and accepted for implementation.
- The discussion on seminar presentations by UG students during their clinical postings to improve understanding and solving queries. The HODs were advised to prepare the topics and allot them to UG students along with time frame.
- Convener attendance and examination cell to be informed to review the process of identification of slow and advanced learners and necessary correction if any to be implemented.
- To evaluate the lesson plan and correction if any to be implemented. All HODs to be informed accordingly.

Actionable points:

- All Head of departments are instructed to allot the topics of seminar to UG students posted in the department and to conduct Seminar / Tutorial
- Convener, Attendance Cell to be informed to counsel students identified with less attendance.
- List of students with less attendance to be given to Mentor for guiding students to attend classes.
- All HODs to identify and conduct Interdisciplinary & multidisciplinary, Value Added Courses(VAD) / Add-On courses during 2018-19.

8. Analysis of periodic review of teaching learning and evaluation process.
9. To check the syllabus completion and need of time to cover remaining syllabus by reshuffling time table accordingly.
10. Any other matter.

Discussion:

- The minutes of the last meeting were presented and approved with minor correction.
- Action taken report was also approved unanimously
- Time table to be framed for remedial classes for slow learners and poor performers.
- Attendance record was discussed to shortlist the students with less attendance and Convener Attendance cell was advised to take corrective measures to improve the attendance.
- There was a discussion on the upgradation of each department's museum by adding teaching aids i.e. charts, models. Departmental library to be equipped with additional books as per need.
- The cases require multidisciplinary approach related to the correct diagnosis and treatment planning as comprehensive module. Keeping this in view there is a need for starting of activity involving PG students of different departments to showcase the cases treated by them on a common platform that is Post Graduate Interdepartmental Scientific Activity (PISA). The SOP to be prepared by Dr Sumit Gandhi in consultation with Dean and Director.
- Review of Interdisciplinary, Value added and Add-on courses conducted by the college. Academic review board to prepare roadmap for above.
- Evaluation of the feedback received from stakeholders to be done and suggestions so received to be implemented from next academic term.

DEAN
Rungta College of Dental Science & Research

AN INITIATIVE BY SANJAYRUNGTA

Discussion:

Above agenda was discussed and was decided to frame

- 1 academic calendar
- 2 Time Table for Under Graduate students
- 3 Preparing of lesson plan and HODs to be informed to prepare and get approved the same
- 4 HODS were informed to decide the nature and implementation of Interdisciplinary & multidisciplinary, Value added and Add-on courses for enriching the academic activity of the institution.
- 5 Planning to evaluate the suggestion of feedback provided by stakeholders

Framing of academic calendar

Academic year : 2017 – 2018

Total working days excluding vacation exam periods and public holidays were counted as 279. This was divided into 1st and 2nd term by dates.

The Exam Cell was directed to frame schedule of Internal Assessment Examination with strict adherence to Academic calendar.

College Curriculum Committee to direct all Head of Departments to plan teaching and prepare lesson plan and teaching diary to be maintained.

Framing of time table for UG students:

Within the framework of academic calendar the Dean and student section to frame time table for all classes of BDS.

The HODs are directed to plan their Teaching schedule/ Teaching diary covering the schedule of teaching as per the syllabus prescribed by University

Feedback:

The feedback mechanism is in place. The feedback from stakeholders (Students, Teachers, Alumni, Professionals, Employers) to be implemented termwise and should be used for betterment and corrective measures to be implemented.

DEAN
Rungta College of Dental Sciences & Research

8. Review of Interdisciplinary & Multidisciplinary, Value added and Add-on courses conducted by the departments.

9. Evaluation of the feedback received from stakeholders.

10.. Any other matter.

Discussion:

1. The report received from Convener, Exam Cell regarding result analysis of Internal Assessment Examination was critically evaluated. The poor performers listed by Exam Cell to be included in the revision/ remedial teaching wise to improve their performance in the University Examination. All HODs are instructed to prepare the time table for revision/ remedial classes for topics with dates and teachers to be assigned for the conduction.
2. Special classes to be organized for advance learner to improve the score in University Examination.
3. Shortfall observed in the record of attendance needs to be corrected before the start of next academic session.
4. All HODs are instructed to rectify the things required for conduction of Practical Examination smoothly and deficit if any need to be met out before the start of University Examination.
5. Verification of LRM and Question bank and it's adaptation as per need. All HODs are instructed accordingly.
6. The feedback received from stakeholder was evaluated for taking corrective measures in teaching methods and conduction of examination as per suggestions. All Hods were informed to modify the process of teaching learning as per the expression in feedback.

DEAN
Rungta College of Dental Science & Research
Kohka Road, Kurud, Bhilai (C.G.)

7. The matter related with interdisciplinary & multidisciplinary, Value added and Add-on courses was reviewed for achievements and suggestions received from members will be implemented in next academic year.

Actionable Points:

1. To frame the time table for Revision/ Remedial classes. HOD and Dean
2. To frame the time table for intensive teaching (special classes) for advance learners. HOD, Exam Cell and Dean
3. Convener, Attendance Cell to provide the list of students. i.e. Less attendance as per University norms to arrange additional classes.
4. Upgradation of LRM and enrichment of Question Bank - HOD and Exam Cell.

5. The HODs are advised to frame Interdisciplinary & multidisciplinary, value added and Add-on courses for next academic year. The problems encountered if any to be taken care of while planning for next year.

10. No. Devision/Grade shall be awarded for the marks obtained for the First year examination.

11. Successful candidate will be awarded Grade based on aggregate mark of First year and Second year as follows:

Distinction - candidate who obtains 75% or more marks

Certificate of merit - candidate who obtains 70% or more marks but less than 75%

First Division - Candidate who obtains marks 60% and above but less than 70%

Second Division - Candidate who obtains marks 50% and above but less than 60%

12. Other provisions regarding admission, attendance, examination etc shall be governed as per the relevant ordinances of the University.

13. If a candidate fails in first or second year examination, he/she shall be required to appear as an Ex-student.

14. The candidate shall be required to undergo internship of six months in any of the radiotherapy centres recognized by the university after passing the examination of second year.

15. Scheme of Examinations:

(i) There shall be two examinations in as academic year- one main and one supplementary examination to held within six months of the main examination.

(ii) There shall be two examiners for each examination - one internal and one external. The minimum qualification of the examiner will be M.Sc. Physics & Post M.Sc. Diploma in Radiological Physics with 5 years experience.

(iii) A candidate must obtain 50% marks in internal assessment both in theory and practical and seminars, individually before he/she is the allowed to appear in the university examinations.

(iv) A candidate must pass separately in theory and practical examinations with 50% aggregate marks in each

Kohka Road, Kurud, Bhilai (C.G.)

- (v) In order to pass a candidate must score at least 40% marks in each paper and 50% marks in aggregate of all the theory papers. If a candidate scores 40% marks in every theory paper but does not obtain an aggregate of 50% in the total theory marks (i.e., 350/700) he/she will be declared Fail.
- (vi) If a candidate fail in either theory or practical or both he/she shall be declared 'fail'.
- (vii) All failed students will be allowed to appear in supplementary examinations of the paper in which they have scored less than 50% marks. They will be no re-examination in the paper, where they have scored 50% or more marks.
- (viii) All the students will be allowed to pursue the course of 2nd year, but will be allowed to appear in the university examination of 2nd year only after they have passed the 1st examination.

Provided also that if after revaluation of answer books there is a change in the original marks by more than 20% marks of the maximum marks of the paper concerned the answer script shall be referred to a third revaluer out side of Chhattisgarh state and the average of three nearest revaluers shall be taken to be the correct valuation of the answer books.

Provided also that in the event of change in the original award by the original examiner and the revaluers is more than 30% of the total marks of the paper concerned the original examiner shall be debarred from any examination work given to him for at least two years after adopting the proper procedure for such an action to be taken, by the Executive Council.

10. QUALIFICATION AND EXPERIENCE TO BE ELIGIBLE FOR EXAMINERSHIP FOR BDS EXAMINATION:

1. MDS degree from a recognized institute.
2. 4 years teaching experience in the subject in a dental college after MDS.
3. Should be holding the post of a Reader or above in a Dental institution approved/ recognized by the Dental Council of India for BDS.

Note:

1. In case of Public Health Dentistry, as there is acute shortage of teachers one examiner from Public Health Dentistry and the second one could be from Periodontics. To be reviewed after three years.
2. In case of Physiology and Biochemistry if Internal examiner is from Physiology, External examiner should be from Biochemistry or vice versa.
3. In case of pathology and microbiology if Internal examiner is from Pathology, External examiner should be from Microbiology or vice versa.
4. In case of Dental Materials, if Internal is from Prosthodontics, external should be from Conservative Dentistry and vice versa.

* 50% of examiners appointed shall be external from Dental Institutions approved / recognized by the Dental Council of India for BDS course, from other university, preferably from outside the state.

* Reciprocal arrangement for examiners should be discouraged, in that, the Internal Examiner in a subject should not accept External examinership for a college from which external examiner is appointed in his subject for the corresponding period.

* No person shall be an External Examiner to the same university for more than three consecutive years. However, if there is a break of one year the person can be reappointed.

II. SCHEME OF EXAMINATION:

I. Scheme of Marking

The minimum number of marks to pass any of the examination shall be fifty percent in each subject both in Theory and Practical/Clinical part of examinations as detailed below. The candidate who gains seventy five percent or more marks in any subject, shall be declared to have passed with Distinction in that subject. A candidate who does not pass in all the subjects of the particular examination at the first attempt shall not be declared to have pass with distinction.

II. Examination (Theory paper pattern)

- Each paper shall be of three hours duration and each practical/clinical examination shall not exceed five hours duration.
- Not more than 30 candidates in Clinical/ Practicals should be examined in one day.
- Written (Theory) paper shall have three parts.

A. Multiple Choice Question (MCQ) 20 Question of 1 marks each (Section – A)
20 marks question shall be answered by student in a separate answer sheet.
MCQ's are to be set from Entire Syllabus.

B. Short Answer Questions (SAQ) – 15 Marks (Section – B)
Long Answer Questions (LAQ) – 10 Marks
Total – 25 Marks

C. Short Answer Questions (SAQ) – 15 Marks (Section – C)
Long Answer Questions (LAQ) – 10 Marks
Total – 25 Marks

- Separate answer books to be given for Section A, B & C.
- Short answer question and Essay type questions will be included in section B & C.
- Separate answer book to be given for MCQ's (Section A)

- * Students should write only One correct answer of Each MCQ
- * MCQ Paper to be retained by Student.
- * For Valuation of MCQ "Answer Key" must be given to Valuar.

**AYUSH AND HEALTH SCIENCES UNIVERSITY OF CHHATTISGARH,
RAIPUR**

ORDINANCE NO.:11

Proposed changes:

- (1) The following changes are necessary and proposed for batches admitted in academic session 2009-10 onwards.

Ordinance No.	Present Provisions (वर्तमान प्रावधान)	Proposed Provisions (प्रस्तावित प्रावधान)	Justification (ओचित्य)
11 (Encl. No.1)	As per Gazette of India extra ordinary Notification no. 182 Part-III, Section-4, dtd. 10.09.2007, <u>Pages 4 et seq</u> <u>(Copy enclosed)</u> <u>(Encl. No. 2)</u>	As per Gazette of India extra ordinary Notification no. 176 Part-III, Section-4, dtd. 25.08.2011, <u>Pages 9-16 (Copy enclosed)</u> <u>(Encl. No. 3)</u>	In the DCI regulations notified in the Gazette of India, dtd.10.09.2007, the BDS course consisted of five examinations (BDS-1 st year to BDS-5 th year) with no internship. In the DCI regulations notified in the Gazette of India, dtd.25.08.2011, the BDS course will have 4 yearly examinations followed by one year of internship. The university is bound to follow the BDS course regulations as notified in the Gazette of India. These regulations affect the curriculum of the students only after reaching the 4th year of their course. The students admitted to Ayush and Health Sciences University of Chhattisgarh, Raipur in the academic session 2009-10 have reached 4th year in the year 2012. Hence it is proposed to make these changes effective from admission year 2009-10.

MDS COURSE REGULATIONS

ORDINANCE - 12.

ELIGIBILITY:

A candidate for admission to the MDS course (Master of Dental Surgery) must have a recognised degree of BDS (Bachelor of Dental Surgery) awarded by an Indian University in respect of recognised Dental College under Section 10(2) of the Dentists Act, 1948 or an equivalent qualification recognized by the Dental Council of India and should have obtained permanent registration with the State Dental Council. Candidates not possessing a recognised Dental qualification for the above purpose should secure the prior approval of his qualifications by the Dental Council of India before he can be admitted to the MDS Course of any University in India.

Qualification for the above purpose should secure the prior approval of his qualifications by the Dental Council of India before he can be admitted to the MDS Course of any University in India.

Candidates who possess PG Diploma recognised by the DCI with the duration of 2 years (proposed) in particular speciality is eligible for admission in MDS in the same speciality and the duration will be 2 years. The syllabus of two years programme will be as per the concerned university guidelines.

Provided that in the case of a foreign national, the Dental Council of India may, on payment of the prescribed fee for registration, grant temporary registration for the duration of the postgraduate training restricted to the dental college/institution to which he is admitted for the time being exclusively for postgraduate studies.

Provided that further temporary registration to such foreign national shall be subject to the condition that such person is duly registered as dental practitioner in his own country from which he has obtained his basic dental qualification and that his degree is recognised by the corresponding dental council or concerned authority.

SELECTION OF POSTGRADUATE STUDENTS:

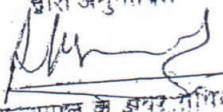

- (1) Students for postgraduate dental courses (MDS) shall be selected strictly on the basis their academic merit.
- (2) For determining the academic merit, the university/institution may adopt anyone of the following procedures both for P.G. Diploma and MDS degree courses:

- (i) On the basis of merit as determined by a competitive test conducted by the State Government or by the competent authority appointed by the State Government or by the University/ group of universities in the same state; or
- (ii) On the basis of merit as determined by a centralised competitive test held at the national level; or
- (iii) On the basis of the individual cumulative performance at the first, second, third & Final B.-D.S. examinations, if such examinations have been passed from the same university; or
- (iv) Combination of (i) and (ii);

Provided that wherever entrance test for Postgraduate admissions is held by a State Government or a university or any other authorized examining body, the minimum percentage of marks for eligibility for admission to postgraduate Dental courses shall be 50% for general category candidates and 40% for the candidates belonging to Scheduled Castes and Scheduled Tribes.

Provided further that in non-Governmental institutions fifty percent of the total seats shall be filled by the competent authority and the remaining fifty percent, by the management of the institution on the basis of merit.

OF TRAINING:

The Course shall be of three years duration.

All the candidates for the degree of MDS are required to pursue the prescribed course for at least three academic years course as full time candidates in a BDS recognised and MDS approved/recognised Institution under the direction of the Head of the Department, who has to be a recognized postgraduate teacher in that speciality.

GENERAL:

(1) The institutions recognised by the Dental Council of India for running Postgraduate courses prior to the commencement of the Dentists (Amendment) Act, 1993 and those dental colleges recognised for running Bachelor of Dental Surgery (BDS) course or institutions established by the Central Government for the purpose of imparting postgraduate dental education shall be eligible for starting any postgraduate degree or diploma and higher speciality course after a periodic inspection to ascertain the BDS requirement by DCI in all aspects.

(2) The maximum number of students for postgraduate dental course, who can be registered in any recognised department, for training for the award of postgraduate degree or diploma by the affiliating university, shall be determined by the facilities available in the department in terms of infrastructure, teaching staff and clinical teaching material. However, to start with a maximum of 3 P.G. Students will be permitted.

(3) Every student, selected for admission to a postgraduate dental course in any of the dental institutions in the country, shall possess recognised BDS degree or equivalent qualification and should have obtained Registration with any of the State Dental Councils or should obtain the same within one month from the date of his admission, failing which the admission of the candidate shall be cancelled;

Provided that in the case of a foreign national, the Dental Council of India may, on payment of the prescribed fee for registration, allow temporary registration for the duration of the postgraduate training restricted to the dental college/institution to which he is admitted for the time being exclusively for postgraduate studies;

Provided further that temporary registration to such foreign national shall be subject to the condition that such person is duly registered as dental practitioner in his own country from which he has obtained his basic dental qualification and that his degree is recognised by the Dental Council of India and corresponding dental Council or concerned authority and concerned university and M's of External/Home Affairs have no objection for granting admission in India.

- (4) The students undergoing postgraduate courses shall be exposed to the following:-
- (a) Basic of statistics to understand and critically evaluate published research papers.
 - (b) Few lectures on other type of exposure to human behaviour studies.
 - (c) Basic understanding of pharmaco-economics.
 - (d) Introduction to the non-linear mathematics.

STAFFING PATTERN FOR POSTGRADUATE DEGREE PROGRAMME:

STAFF:

- a) To strengthen and maintain the standards of postgraduate training, the council recommends the following minimum faculty requirements for starting and continuation of postgraduate training programmes. Department with one Professor, Two Readers, One Lecturer will make a unit and permitted to have three MDS admissions. For each seat of P.G. Diploma course one additional reader is required. Any increase of admissions will be based on the same pattern. Taking into consideration the training requirements in terms of infrastructure and clinical material the Council recommends a maximum of three units in any postgraduate degree department. At a time maximum 9 P.G. Students in one speciality can be enrolled in all 3 years.
- b) A Department, which does not have the above staff pattern, shall not start a postgraduate course in that speciality.

QUALIFICATIONS FOR A PROFESSOR AND HEAD OF THE POSTGRADUATE DEPARTMENT:

HEAD OF THE POSTGRADUATE DEPARTMENT:

A BDS Degree of an Indian University or an equivalent qualification with Post-graduate qualification/Diplomat of National Board in the subject and with one year as Professor and 5 years teaching experience as Reader. Shall have published atleast three papers as first author in his speciality in any National/International journal.

PROFESSOR:

A BDS Degree of an Indian University or an equivalent qualification with Post-graduate qualification/Diplomat of National Board in the subject and with 5 years teaching experience as Reader. Shall have published atleast two papers as first author in his speciality in any National/International journal.

PART-TIME TEACHERS:

Part-time post-graduate teaching faculty (Professors/Readers) are also eligible provided they put in 4 (four) hours a day and can have only one PG student under them.

When the full complement of staff recommended for undergraduate training programme does not exist, the deficiency must be made good before starting of the postgraduate course in that department.

Note:

1. All the teaching faculty should be full time. However part-time faculty can also be accepted as stated above.
2. Faculty who is accepted as PG teacher in a dental institution starting PG Courses will not be accepted for next one year in any other dental institution.
3. Teaching Experience gained in Medical College will not be accepted for PG Dental Teaching. In exceptional cases, the teaching experience, gained in Govt. Dental Colleges, may be considered for further promotion on the basis of total teaching experience.
4. Dental faculty with PG qualification in dentistry, shifting from the Dental Department of a Medical College should complete minimum of 3 years, of teaching experience in a Dental College/ Institution before being accepted as P.G. faculty.

EXAMINATIONS**ELIGIBILITY:**

The following requirements should be fulfilled by every candidate to become eligible to appear for the final examination.

ATTENDANCE:

Every candidate should have fulfilled the minimum attendance prescribed by Dental Council of India and respective University (80% of the attendance during each academic year of the postgraduate course).

Progress and conduct: Every candidate should have participated in seminars, journal review meetings, symposia, conferences, case presentations, clinics and didactic lectures during each year as designed by the concerned department.

Work diary and log book: Every candidate shall maintain a work diary and log book for recording his/her participation in the training programmes conducted by the department. The work diary and log book shall be verified and certified by the Head of the Department and Head of the institution. The certification of satisfactory progress is based on the work diary and log book.

DISSERTATION:

The dissertation work should have been accepted by the University who appointing the examiners.

UNIVERSITY EXAMINATION:

There shall be one examination at the end of 3 years.

DISSERTATION:

Every candidate appearing for the MDS degree examination for the first time shall submit with his application for the admission to the Examination, four typewritten copies of a dissertation of a research topic undertaken by the candidate and prepared under the direction and guidance and to the satisfaction of his University teacher. The dissertation should be submitted 3 months prior to the MDS Examination. The dissertation shall be referred to the Examiners for the MDS examination and acceptance of it by the examiners shall be a precondition to the admission of the candidate to the written part of the examination.

A candidate whose dissertation has been accepted by the examiners, but who is declared to have failed at the examination will be permitted to reappear at the subsequent MDS examination without having to prepare a new dissertation, if, however, the dissertation is rejected, the authorities shall give reasons thereof and suggestion for the improvement of the

and the dissertation thus improved will have to be resubmitted to the examiners and accepted before appearing in MDS examination.

Co-guide can be opted from other institutes as per the requirement of students.

WRITTEN EXAMINATION:

The written examination shall consist of four papers, out of which two shall be pertaining to the speciality; one in Applied Basic Sciences and one shall be an Essay. Each paper shall be of three hours duration.

- * Total Marks for each Paper will be 75
- * Paper I, II and III shall consist of Two Long Questions carrying 20 marks each and Five short essay questions carrying 7 marks each.
- * The fourth paper will be to write an Essay.

Note:

In fourth Paper: Two Essay questions to be asked of which any one to be answered.

CLINICAL/PRACTICAL EXAMINATION:

It should aim at examining clinical skills and competence of candidates for undertaking independent work as a specialist. The actual format of clinical examination in various specialties could be worked out by various universities making sure that the candidate is given ample opportunity to perform various clinical procedures. The council desires that the actual format is made known to the students prior to the examination well in advance by the respective universities.

The case history & practical work papers to be submitted with signature of external -Internal Examiners to the University along with Answer sheet

VIVA VOCE EXAMINATION:

Viva voce examination shall aim at assessing depth of knowledge, logical reasoning, confidence and verbal communication skills.

The Council desires that only two examiners shall conduct the viva voce at a time as two teams, each team for 20 minutes. When one examiner is conducting the Viva, the other examiner could make a note of the questions asked and the performance level to enable proper assessment and award of marks.

REQUIREMENTS TO START MDS COURSE FOR INSTITUTIONS OTHER THAN DENTAL COLLEGES

Medical Institutions wishing to start a MDS course in a speciality.

In addition to what has been recommended already for Dental Colleges:

The Institution must be running medical postgraduate courses.

The department should have qualified and experienced teachers following the three tier system as recommended under the BDS programme viz.:

- a. Professors
- b. Readers
- c. Lecturers

The Professor and Reader should have requisite postgraduate qualification and teaching experience as recommended under the MDS Courses in a Dental College/Dental Wing. Further that the Professors/Reader must have a minimum of three years BDS/MDS teaching experience in a Dental College.

3. All physical facilities including equipment, department library and journals as prescribed under MDS course in a Dental College should be available.

4. Training facilities for all Applied Basic Science subjects should be available.

Any of the Institutions, which are not Dental college, but want to start MDS course, should make an application to the Dental Council of India, which will send out not less than two inspectors, who would inspect the Institution and report to the Council the feasibility of giving such permission to start an MDS Course in the speciality applied for.

(The above statement is made with the full knowledge that there are many Institutions, not being Dental Colleges, have excellent facilities and expertise in certain subjects of Dental specialities far better than those at many Dental colleges, which could be made use for the betterment of Profession. This Council is of the opinion that such institutions which are not Dental Colleges should be encouraged and helped to develop MDS Course in the speciality of Dentistry in which they have expertise)

However, such Institutions will not be considered as Dental Colleges/Dental Wings.

SPECIALITIES FOR THE MDS DEGREE:

- i) Prosthodontics and Crown & Bridge
- ii) Periodontology
- iii) Oral & Maxillofacial Surgery
- iv) Conservative Dentistry and Endodontics
- v) Orthodontics & Dentofacial Orthopedics
- vi) Oral Pathology & Microbiology
- vii) Public Health Dentistry
- viii) Pedodontics & Preventive Dentistry
- ix) Oral Medicine & Radiology

DEFINITIONS OF VARIOUS SPECIALITIES:**1. Prosthodontics and Crown & Bridge**

Prosthodontics and Crown & Bridge and Oral Implantology is that branch of Dental art and science pertaining to the restoration and maintenance of oral function, health, comfort and appearance by the replacement of missing or lost natural teeth and associated tissues either by fixed or removable artificial substitutes.

2. Periodontology

Periodontology and Oral Implantology is the science dealing with the health and diseases of the investing and supporting structures of the teeth and oral mucous membrane.

3. Oral & Maxillofacial Surgery

Oral and Maxillofacial surgery and Implantology deals with the diagnosis and surgical and adjunctive treatment of diseases, injuries and defects of the human jaws and associated oral and facial structures.

4. Conservative Dentistry and Endodontics

Conservative dentistry deals with prevention and treatment of the diseases and injuries of the hard tissues and the pulp of the tooth and associated periapical lesions.

 Rungta College of Dental Science & Research
 Kohka Road, Kurud, Bhillai (C.G.)

Orthodontics and Dentofacial Orthopedics

Deals with prevention and correction of oral anomalies and malocclusion and the harmonizing of the structures involved, so that the dental mechanisms will function in a normal way.

6. Oral Pathology & Microbiology

Oral Pathology deals with the nature of oral diseases, their causes, processes and effects. It relates the clinical manifestation of oral diseases to the physiologic and anatomic changes associated with these diseases.

7. Public Health Dentistry

Community Dentistry is the science and art of preventing and controlling Dental diseases and promoting Dental health through organized community efforts.

8. Pedodontics and Preventive Dentistry

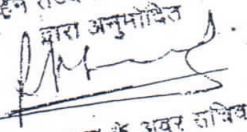

Deals with prevention and treatment of oral and Dental ailments that may occur during childhood.

9. Oral Medicine and Radiology

Oral Medicine is that speciality of dentistry concerned with the basic diagnostic procedures and techniques useful in recognizing the diseases of the oral tissues of local and constitutional origin and their medical management.

Radiology is a science dealing with x-rays and their uses in diagnosis and treatment of diseases in relation to orofacial diseases.

TEACHING AND LEARNING ACTIVITIES

All the candidates registered for MDS course in various specialities shall pursue the course for a period of three years as fulltime students. During this period each student shall take part actively in learning and teaching activities designed by the institution/ university. The council desires the following teaching and learning activities in each speciality.

1. **LECTURES:**

There shall be some didactic lectures in the speciality and in the allied field. The postgraduate departments should encourage the guest lecturers in the required areas to strengthen the training programmes. It is also desirable to have certain integrated lectures by multidisciplinary teams on selected topics.

2. **JOURNAL CLUB:**

The journal review meetings shall be held at least once a week. All trainees are expected to participate actively and enter relevant details in logbook. The trainee should make presentations from the allotted journals of selected articles at least 5 times in a year.

3. **SEMINARS:**

The seminars shall be held at least twice a week in each postgraduate department. All trainees are expected to participate actively and enter relevant details in logbook. Each trainee shall make at least 5-seminar presentations in each year.

4. **SYMPOSIUM:**

It is recommended to hold symposium on topics covering multiple disciplines.

5. **CLINICAL POSTINGS:**

Each trainee shall work in the clinics on regular basis to acquire adequate professional skills and competency in managing various cases to be treated by a specialist.

6. **CLINICO PATHOLOGICAL CONFERENCE:**

The clinico pathological conference should be held once in a month involving the faculties of oral medicine and radiology, oral pathology and concerned clinical department. The trainees should be encouraged to present the clinical details, radiological and histopathological interpretations and participation in the discussions.

INTERDEPARTMENTAL MEETINGS:

To bring in more integration among various specialties there shall be interdepartmental meeting chaired by the Dean with all Heads of postgraduate departments at least once a month.

TEACHING SKILLS:

All the trainees shall be encouraged to take part in undergraduate teaching programmes either in the form of lectures or group discussions.

CONTINUING DENTAL EDUCATION PROGRAMMES:

Each postgraduate department shall organize these programmes on regular basis involving the other institutions. The trainees shall also encouraged to attend such programmes conducted elsewhere.

10. CONFERENCES / WORKSHOPS / ADVANCED COURSES:

The trainees shall be encouraged not only to attend conferences / workshops / advance courses but also to present at least two papers at state / national speciality meetings during their training period.

11. ROTATION & POSTING IN OTHER DEPARTMENTS:

To bring in more integration between the speciality and allied fields each postgraduate department shall workout a programme to rotate the trainees in related disciplines.

12. DISSERTATION / THESIS:

The council appreciates the importance of research activities for the growth of the profession. Trainees shall prepare a dissertation based on the clinical or experimental work or any other study conducted by them under the supervision of the postgraduate guide.
